Re: Off-Site Policy Status of the Trade Waste
Incineration (TWI) Facility
#1631210009 -- St. Clair County
ILD098642424
RCRA Compliance File

^{DAWE}
Dear Mr. Ullrich:

This is in response to your letter dated April 3, 1992 regarding the off-site policy status of the TWI facility.

The TWI Consent Decree included a schedule for the facility to come into compliance with their RCRA Part B permit. As part of the compliance schedule, TWI is required to conduct three trial burns and submit RCRA Part B permit modifications based on the results of these trial burns. It was the Agency's intent that the Consent Decree would address the previous violations and hopefully, prevent future violations of their RCRA permit. We felt that the Consent Decree would also address the USEPA's concerns, however, it would take some period of time to implement the condition of the Consent Decree. TWI may want to propose an accelerated Consent Decree schedule in order to come into compliance with USEPA's off-site policy. The Illinois EPA will evaluate any change to the Consent Decree and make appropriate compliance schedule changes.

If you have any questions or comments regarding this letter, please contact me.

Respectfully,

Bill
